EXAMINER'S AMENDMENT/REASONS FOR ALLOWANCE

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Timothy J. Douros and Jill M.N. Mandelblatt on July 1, 2004.

The application has been amended as follows:

Claims 47, 63, 78, line 2 of each: delete "3 days" and insert in place thereof the following:

-- 2 days --.

Claim 51, line 1: delete "claim 34" and insert in place thereof the following:

-- claim 50 --.

Claim 67, line 1: delete "claim 68" and insert in place thereof the following:

-- claim 61 --.

Claim 69, line 1: delete "claim 68" and insert in place thereof the following:

-- claim 62 --.

Examiner requests that Applicant provide a corrected Application Data Sheet (ADS), the ADS filed on 2/20/2002 indicates that Application 09/406,568 was filed on 9/25/1999. This incorrect, said Application was filed on 9/24/1999. Also, please update ADS to indicate that Application 09/406,568 is now US Patent 6,468,967.

The following is an examiner's statement of reasons for allowance:

Art Unit: 1616

As discussed with Timothy J. Douros and Jill M.N. Mandelblatt on July 1, 2004, the outstanding Office Action (mailed April 21, 2004) contains a typographical error in that claims 1, 7-11, 13-15, 26 and 34-80 are currently pending in the application, not claims 1, 7-11, 13-15, 26 and 34-63 as indicated in the Office Action. Further, it was indicated that the rejection of claims 47 and 63 under 35 U.S.C. § 112, ¶ 2 would also apply to claim 78. It was agreed that one of ordinary skill in the art would understand that when the dosing interval is 48 hours (*i.e.*, q 48), the second dose is administered 48 hours after the first dose. To clarify claims 47, 63 and 78 and overcome the rejection under 35 U.S.C. § 112, ¶ 2, the Examiner's Amendment above amends the claims to recite a minimum dosing period of two days. Finally it was indicated that Claims 51, 67 and 69 contained improper claim dependencies. As such, the Examiner's Amendment above corrects said claim dependencies.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
